

**Core Plus+ Portal** and **MyBiz** merge into a single platform, **named MyBiz**.

We continue to support the **current Core Plus+ link, now branded as MyBiz**, to ensure a smooth transition to a unified platform for ABO's Amway business.

# FOMO!

The decommissioning of the MyBiz site on July 17 has no market impact, as all markets update their business centers to remove old MyBiz links and replace Core Plus+ mentions with MyBiz URLs before this date.

The Performance History section is available on the new site and can be accessed in the LOS by clicking the 3 dots on the left, allowing ABOs to view their own and their downlines' performance history.

Parts of the Monthly Dashboard or Annual Dashboard cannot be added to business center sites like the old MyBiz; it is recommended to link to the New MyBiz site or add one of the dashboards to the business center page.
