6 Months Installment - Absolute 0% ▾

Your monthly amortization if we break it down into 6 months installment is **₱2278.33** per month.

**Important Note:** Citi PayLite installments are billed to the account monthly, similar to a normal retail purchase and are subject to applicable interest rate charges if you pay less than the total amount due indicated on your current or previous monthly statements of account on or before the payment due date. The installment transaction will take more than the scheduled term to pay off in full if only the minimum amount due is paid

# FAQ

## **What is an online installment payment?**

Online installment payment is a method of paying for products or services in multiple smaller, fixed amounts over a period of time instead of paying the entire cost upfront.

## **Are online installment payments available for all types of products?**

Our 0% interest installment payment option is currently available to a select range of products or product bundles. While the regular installment plan is applicable to all products with a minimum purchase requirement of Php3,000, subject to the fees and payment charges imposed by the issuing bank.

## **How secure is the Amway website?**

In Amway, we use 3ds or 3d secure. D Secure, also known as "3DS" or "Verified by Visa" for Visa cards and "Mastercard SecureCode" for Mastercard. It is an additional layer of security designed to protect online card payments. It aims to authenticate the cardholder's identity during the online payment process, reducing the risk of fraudulent transactions. 3D Secure is an extra layer of protection we've added to our website's card payment process to ensure the security of your online transactions by requiring additional authentication steps, such as a one-time password sent to your phone or email.

## **Is there a difference between online installment plans and using the credit card in my transactions?**

While both online installment plans and using a credit card involve paying for purchases over time, there are some differences. With online installment plans, the payments are fixed and predetermined, and you know the exact duration to pay off the purchase. On the other hand, credit cards offer more flexibility in payments but may come with varying interest rates and minimum payments that can extend the repayment period based on your usage subject to issuing banks.

## **Can I have multiple online installment plans active at the same time with the same or different banks?**

Yes, u can maintain multiple online installment plans simultaneously. Currently, our online installment services are accessible through three banks: Citibank, BPI, and HSBC.

## **Do you have plans to extend this service to additional banks in the future?**

Yes, we are continuously evaluating opportunities to enhance our offerings and may consider additional banks down the line.

## **What should I do if I accidentally made a single payment instead of opting for a regular installment plan?**

You can reach out to your issuing bank, as they may have the ability to reverse the transaction or help in converting it into an installment plan.

## **Is it possible to use two credit cards for a single transaction?**

Using two credit cards for a single transaction is not permitted; otherwise, the transaction will not push-through.

# FAQ

## **What happens if I want to return a product that I purchased through an online installment plan?**

If you decide to return a product that you acquired through an online installment plan, rest assured that our 100-day money-back guarantee applies, and we will promptly refund the entire amount by reversing the transaction through A/R. However, please note that the ongoing payments to the issuing bank will continue as per the terms of the installment plan.

## **What is the duration of the 0% offer?**

Currently, HSBC and Citibank offer 0% installment plans, while BPI provides choices between 0% interest installment plans and regular installment plans. Watch out for our monthly Amway offers/campaigns for excellent deals.

## **Can I simultaneously use installment with other mode of payment in one transaction?**

Regular installment and AR(minimum of P3,000 is allowed in one transaction. For 0% Installment plan, you cannot mix it with other payment options.

## **What are the advantages of using online installment options?**

The advantages of using online installment options include making expensive purchases more affordable, avoiding large upfront payments, and improving budget management.

## **How to apply for the regular online installment?**

Login to your account at [www.amway.com.ph](http://www.amway.com.ph). Add any item on your cart with a minimum amount of P3,000 view cart to proceed to payment. Click on proceed to payment to navigate through Paynamics page for customer information and billing details. Enter mandatory details, then select BPI. Select the tenure from dropdown and check monthly fixed payments. Enter the card details in bank page. Enter OTP. Confirmation page will appear after successful transaction.

## **How to apply for the 0% installment plan?**

Login to your account at [www.amway.com.ph](http://www.amway.com.ph) .Look for the products/product bundle with installment icon. Upon adding to cart, expand Payment type and choose either Straight Payment/Regular Installment. Click on proceed to payment to navigate through Paynamics page for customer information and billing details. If you choose Straight or Regular Payment option, minimum cart amount should be at least P3,000. Enter mandatory details, then select the bank (HSBC,BPI, Citibank). Select the tenure from dropdown. Enter the card details in bank page. Enter OTP. Confirmation page will appear after successful transaction.

## **What are the available card tenures you provide?**

We offer tenures of 3, 6, 9, and 12 months for both 0% installment plans and regular installments (subject to applicable bank interest rates and fees).

## **What if I skip payments due to unavoidable circumstances?**

If you skip payments during the designated duration, it could lead to several consequences, including late payment fees, interest charges or termination of plan.

# Thank You!
